THE

HYMNAL

Compiled by the

of
La Crosse, Wisconsin

No. 1010 - Accompaniment Book (Cloth) . . . 6.00
No. 1010A - Singers Edition . . . . . . 1.75
Preface

The publication of The St. Rose Hymnal marks an important event in the development of sacred music in this diocese. It is a natural complement to the Church Music program already adopted by us for use in our churches and chapels.

More and more in these days there is insistence on the power and influence of music in all phases of our worship. Through it the minds and hearts of the faithful are raised heavenward and stimulated with lofty religious sentiment in a manner that is often more enduring than by direct verbal appeal.

We find this to be true particularly in the case of children to whom music speaks with a language that quickly enthralls their imagination and holds their attention. Accordingly, in the instruction of children, the well chosen hymn has a place of importance that may not be overlooked.
To the child the hymn is an angelic voice that opens up a wonderland of faith and mystery, leaving impressions that will not soon pass away, and since older people are just grown up children, a similar effect naturally follows in their case.

Great multitudes of men today are making war upon God, they would do away with God if they could, they would crucify Christ anew, and in the midst of this rejection of the eternal and striving for the temporal, it is our duty not merely to hold and cherish our faith in God and proclaim His truth, but to lift up our voices in hymns of love, adoration and fidelity to Him, thus offsetting in some way the exclamations of opposition and hate that rise from those who have turned against their Creator. While this is done more expressively through the regular liturgy of the Church, appropriate hymns, such as those found in this publication, provide additional means of fulfilling our duty of chanting the praises of the Almighty.

The St. Rose Hymnal contains about two hundred hymns, all of them taken from approved sources and covering every phase of Catholic devotion. They will be found especially convenient in the instruction of youth and preparing them for a fuller participation in the liturgy later in life.

About one-third of the hymns are in Latin and this fact adds greatly to their usefulness, both in schools or in church functions and will help to bring congregational singing a step nearer realization in our services.

To The St. Rose Hymnal our approval is heartily given, and the wish is expressed that it will quickly find its way into our schools, chapels and churches with the result that praise, honor and thanksgiving to our Divine Lord, His Blessed Mother and the Saints, will ever more and more from our midst ascend to heaven in song.

† Alexander J. McGavick, Bishop of La Crosse.
